Asking Price: \$395,000

Gross Revenue: \$1,873,645

FF&E: \$253,000

Adjusted Cash Flow: \$159,335

Supported by a decades-old franchisor, this family owned, 3-restaurant business opportunity has served the region for three years. The established, recognizable brand offers-up a high-quality, affordable dining experience in one of the fastest growing food segments in America!

The business has accomplished revenue growth over the past years that greatly exceeds the industry average. This has been achieved in part through management's focus on local marketing initiatives in concert with the franchisor's national marketing and advertising programs. This business enjoys multiple revenue streams, and each is addressed as its own unique opportunity.

Offering specialized product in a niche market, food quality is a top priority and the company consistently delivers great meals at, or below, competitive pricing. The franchisor's exceptional purchasing power and specialized food prep equipment combine to assure an exceptional dining experience for the customers.

With a trained, tenured workforce and management team in place, the new owner is positioned to experience expanding growth and the ability to take the business to a new level.
