

High-End Treasure Valley Spa and Salon

Asking Price: \$160,000

Gross Revenue: \$225,000

FF&E: \$26,500

Real Estate: \$825,000 not included, available

This is an excellent opportunity to own a profitable, well-established (20 plus years) salon and spa that services an affluent clientele from all over the Treasure Valley. Featuring more than two dozen, tenured, independently operating professionals, this business was built to keep employees happy, who then provide the highest level of service to their clients.

This company provides an opportunity of small business ownership with very little oversight or industry knowledge needed to be successful. The current owner wishes to stay on as a practicing, independent contractor and will be available to provide on-sight training and ensure a smooth transition.

Great opportunities for growth through expansion (3-4 additional chairs) and advertising (they don't currently advertise at all).

Real Estate is available for sale or favorable lease terms for the future owner.
